

## Islamic Terror Attacks on Pakistani Christians(Since 9/11)

This is a list of targeted acts of terrorism on Pakistani Christian civilians and church workers by religious Muslims since September 11th, 2001. These attacks have nothing to do with war, combat or insurgency. The victims are innocent Christians who were specifically targeted and abused solely on account of their Christian faith by those who claim their own religion as a motive.

There may be a few anomalies on the list, as it is compiled by keyword search from our main database.Each description of attack is a link of source. Neither is this a complete account of Islamic terror attacks on Christians since much of the violence goes unreported in Pakistan due to ignorance of Local Media to expose attacks on Christians in Islamic Republic of Pakistan.
